

**SPECIAL AGREEMENT OF DANUBIA-ADRIA SOCIETY WITH IMEKO TC15 -
TECHNICAL COMMITTEE ON EXPERIMENTAL MECHANICS**

Considering the opportunity to create synergy and collaboration between subjects with similar scientific mission, the Danubia-Adria Society has decided to establish a special relationship with IMEKO TC15 -Technical Committee on Experimental Mechanics, for promoting and enhancing the activity of Experimental Mechanics in the Regions of Central Europe, by maintaining separate identities but common aim with special rules and exceptions, as follows:

- DA organizes Symposia and other related activities in DA Countries using its logo together with the IMEKO logo, without paying any fees to IMEKO Secretariat.
- DA collaborates with the Working Group of TC15, especially with the Youth Symposium of Experimental Stress Analysis of Solid Mechanics (YSESM) for scientific initiatives developed in Central Europe.
- DA recognizes to YSESM the task of organizing Meetings for young researchers, with the aim of training them, especially through the presentation of works in progress.
- Also YSESM can use IMEKO logo in case of special agreement with IMEKO Secretariat.
- IMEKO publicizes the events of Danubia-Adria through its own Website and the event calendar.
- DA Society helps TC15 by publishing the initiatives and events on DA Website.
